

!!!WANTED!!!

Pimples (Rocky Mountain Spotted Fever)

The Crime: Pimples cause whiteheads and blackheads. Whiteheads are closed plugged pores. Blackheads are open plugged pores and the oil turns brown when it is exposed to the air.

Bacteria M.O: Pimples are small, red, tender bumps filled with pus. They attack the face, chest, shoulders, neck, and back.

The Victims: The pimples usually affects teenagers.

The Hideout: Pimples are found on the skin.

Fighting Back: Your family can prescribe you to medicine, but if becomes too severe, you can see a dermatologist.
